Bible Story; Tabitha

Tabitha (Dorcas) was a beloved disciple living in Joppa. She did many good things for people there, but she became very ill and died. Peter was summoned to her and healed her. As a result, many of the people in that area trusted in the Lord. Tabitha's life and Peter's actions demonstrate the power of love that was present in the early church. They're good examples for us as well and will remind kids of the need

<b>Sewing Coat Activity (Three's Rooms)</b> ... Give each child a coat, let them color it and then give them a string to lace through the holes.	<b>TWK What am I? (Three's Rooms)</b> ... Expand on the fun guessing game called 'What Am I?' mentioned in the lesson guide, where you describe an object or animal by what it does, and the child has to guess what it is. Print out cards with pictures of different objects. Take turns to pick a card and describe what it does, while the other players guess what it is.	<b>TWK Giving to a Charity (Three's Rooms)</b> ... Sit with your child and explain the importance of giving to those less fortunate, just as Tabitha did in the Bible story. Set up three boxes or bags, each labelled with 'Clothes', 'Toys', and 'Food'. Help your child sort through their old clothes and toys, putting the items they're willing to donate into the appropriate boxes. In the 'Food' box, help them place non-perishable food items that you have bought for this purpose. Once the boxes are filled, take your child to a local charity or donation center where they can personally hand over the items.	<b>Tabitha Snack Activity (Three's Room)</b> ... it will remind us of the Eunuch reading the book of Isaiah scrolls. use pretzels and fruit roll ups	<b>TWK Match the Clothing (Three's Rooms)</b> ... Use a dry erase marker and allow child to draw a line to the matching bottoms.
